

Authors & Editors

Editors create exhibits by using the creative building blocks of Open Exhibits:

- ▶ Creative Markup Language (CML)
- ▶ Gesture Markup Language (GML)
- ▶ Cascading Style Sheets (CSS)

Author / Edit

Requires: Text editor

Library Folder

CML 	Modules Content	CSS 	Style Colors Fonts
GML 	Behavior	ASSETS 	Images Video Audio

test your application with the **built-in simulator**

Runtime Player Application File

Final Exhibit

Run your CML application file through the Open Exhibits Runtime Player
